

FAIRLINGTON MEADOWS CONDOMINIUM COUNCIL OF CO-OWNERS
SWIMMING POOL RULES
(Updated March 28, 2019)

The primary purpose of these rules is the safety and well-being of all Fairlington Meadows residents and guests who enjoy the pool during the summer. The lifeguards are hired to protect swimmers and enforce the rules. Everyone within the pool enclosure is asked to review and abide by these rules.

A. OVERVIEW AND ENTRANCE TO THE POOL

1. **Enforcement:** All patrons are expected to show the pool staff respect and cooperation at all times and to adhere to the terms of the rules and regulations stated herein. Owners are responsible for the actions of their tenants, guests and family members. The pool staff shall take appropriate action deemed necessary for the safe and orderly operation of the pool facilities, pursuant to the terms of the related contractual agreement. The lifeguards shall have the authority to require temporary removal of a patron from the pool facilities, due to violations which pose a threat to the safety of that patron or others, or the preservation of the pool facilities. Such removal shall be effective for the rest of the operational day of the pool and shall be reported to the Board of Directors for any further enforcement action. Any violation of these rules shall be deemed a violation of Article VI, Section 6 #4 of the By-Laws Conduct of Conduct and may result in suspension of pool use privileges for a maximum of 30 (thirty) days per violation, by decision of the Board of Directors, after appropriate notice and due process procedures have been implemented. Additional information about enforcement is at the end of the list of rules.

Pool hours and days are listed on the pool bulletin board and provided with recreation cards. Such hours and days are subject to change from season to season based on the contractual agreement with the pool management staff, as approved by the Board of Directors. The lifeguards will blow the whistle to request everyone in the pool and enclosure to begin to pack up to leave at 10 minutes before closing time (usually 8:50 p.m.).

No persons shall be permitted in the pool during an hourly five-minute break period, called by the lifeguards. During this five-minute period, the guards may test the water, vacuum the pool or perform other duties.

2. **Recreation Cards:** Annual recreation cards are issued to either the registered residents of a Unit who are 12 years of age or older, or to the non-resident Owner(s) of a Fairlington Meadows Unit, but not to both. The Council shall issue recreation cards to the age-qualified residents of a Unit, unless directed by the Owner that transfer of use rights to the resident shall not occur for a particular year. **Patrons ages 12 and up entering the pool enclosure must present their recreation cards to the lifeguard and sign in at the sign-in table at every visit, to gain access to the pool facilities. Patrons under the age of 12 do not need to display a recreation card but such children must be accompanied at all times, by an individual with a recreation card who must be 16 years of age or older.** A recreation card cannot be used by any person other than the one named on the card. A permanent card holder may obtain a temporary recreation pass for a pool season for use by a care provider of a resident or Owner who must accompany that resident or Owner to the pool facilities, if the permanent card holder submits a written request to the Pool Committee, identifying the temporary user by name and the Pool Committee deems the temporary pass request appropriate to grant in light of the rules contained herein.

3. **Guests and Maximum Occupancy:** Guests must be accompanied by their sponsoring recreation card holder at the pool at any given time. The maximum occupancy of the main pool is 125 and of the wading pool is 21. If the resident is already at the pool when his/her guest arrives, the resident must go to

the sign-in table and sign in the guest (i.e., guests cannot sign themselves in). Guests are subject to all pool rules, and residents are responsible for the conduct of their guests.

Anyone who wishes to bring more than six guests per unit at one time must complete a *Request for Additional Pool Guests* form. This form is available from the lifeguards or Pool Committee and should be returned to the head lifeguard a minimum of ten days in advance of the event. The Pool Committee Chairperson or the Fairlington Meadows Board of Directors will decide on the request within seven days. Parties of 15-20 guests are subject to a \$50 fee, via check payable to Fairlington Meadows, in order to pay for an additional guard. Parties of more than 20 guests are not permitted.

2. The swim test consists of swimming **two** lengths of the pool non-stop, unassisted, and without touching the bottom or lane ropes, immediately followed by treading water in the deep end for one minute.
