

B Building Survey comments

Question 1: Please select carpet pattern A, B or C (see samples below)

They all look almost exactly the same. Not much of a range in options.

As I have said before, the carpet in the B-buildings was replaced in 2013-14. I was on the board when this carpet was selected, and it was billed as an industrial-strength, 20-year product. It has been only 8 or 9 years, and I do not think that it is financially prudent to replace the carpet now. Since you are apparently moving ahead with the project, however, I have voted for the option I most prefer.

Thank you for the opportunity to view the samples in-person.

Where is the money for this coming from, is it budgeted for in 2022 or does this need to be added to the 2023 budget for vote at the AGM?

5/26/2022 3:29 PM

I liked the lightest carpet (I think it was C)

They are practically the same

Matches Tile sample D the best

Question 2: Please select your preference of non-slip synthetic tile - D or E (see samples below) for the entry by the door and mail boxes.

Just replace the worst building carpets now.

6/5/2022 8:07 PM

Just install tile and lights this year, carpet and painting in the next few years.

6/5/2022 8:06 PM

If we must have tile, I pick D

6/3/2022 11:42 AM

I don't see benefit to having tiles in the entry way. There is no extra wear & tear in that area in my building. The tile would need to be mopped instead of vacuumed, and the guy who cleans comes only 2 x week. Even if the tiles are non-slip, they will be much slippery than carpet. It probably would look nice, but after thinking about it, I think it could be very impractical.

6/1/2022 3:15 PM

Please, no tile! Both tiles will look very cheap in the entry!

5/30/2022 9:08 PM

Excellent idea to install tile at the entry to the stairwells.

5/26/2022 12:30 AM

They are practically the same

5/24/2022 10:05 AM

Tiles are not compatible with carpet scheme. We have a doormat

5/24/2022 3:49 AM

Tiles are not suitable at all. There is a doormat already in front of the doormat

Question 3: Do you live in a B building or are a non-resident owner of B building unit?

Not a B building owner but anytime I go up B building stairs, they are very noisy; recommend that the stairs be nailed down before new carpet is added

6/2/2022 5:51 AM

Bought my unit in 1979, would be embarrassed with tiles!

Want to maintain Meadows property values in general
