The category of slate repair we will be doing is	: <b>X</b> Complete ☐ Basic ☐ Minimum ☐ Specific	(See page 3 for details)
We hereby submit specifications and estimates	s for:	

This property has a Vermont weather green slate roof. This is a hard vein type of slate and has a long service life. This type of slate can last a couple hundred years with proper roof maintenance. However, with the age of the metal flashings, most are at the end of their life cycle. These flashings can properly be replaced with new 16 oz copper flashings by following the Slate Roof Repair, Restoration and Maintenance Guidelines as put forth by the Slate Roofing Contractors Association of North America while retaining the original roof, eliminating a the need for a full roof replacement

The following is the recommended scopes of work at this time:

**Slate repair:** Replace any missing or broken slates on the roof with reclaimed slate of the same type, color, size and thickness to match the original slate as close as possible. We will use the center nail and bib method to properly fasten the repair slates. \$7,800.00

**Re-flash mitered hips:** Remove the slates on the hip and the hip flashing down to the wood deck. \*Inspect wood deck and advise if any wood work is needed\*. Install ice and water shield over the hip. Re-install the existing slate with copper slating nails along with a 16 oz. copper hip flashing interwoven on each course of slate. \$6,640.00

**Re-flash ridge slate:** Remove all of the slates from the ridges. \*Inspect wood deck and advise if any wood work is needed\*. Install ice and water shield over the ridge and lap the preceding course of slate. Install a new 16 oz. copper ridge cap and reinstall the slates back in the same way as original. \$25,000.00

**Re-step flash Dormer walls**: Remove the slates alongside of the dormer walls down to the roof deck. \*Inspect wood deck and advise if any wood work is needed\*. Remove enough wood siding to facilitate the proper installation of the new 16 oz. copper step flashing. Install new ice and water shield and re-install the existing slate with copper slating nails. Re-paint and caulk the wood siding as needed. Remove the apron flashing from the front of the dormer. Install ice and water shield over the slate below and up under the wood sill. Custom fabricate a new 16 oz. copper apron flashing soldered to the adjoining step-flashing, using lead free solder. \$30,650.00

**Soil pipe flashing:** Remove the surrounding slate from around the lead pipe flashing and remove the pipe flashing as well. \*Inspect wood deck and advise if any wood work is needed\*. Install ice and water shield. Custom fabricate and install a new 16 oz. copper soil pipe flashing. Re-install the existing slate with copper slating nails. \$4010.00

**Paint remaining flashings:** Scrape any loose paint from the existing flashings that are to remain in place. Re-seal as needed using Solar Seal caulk. Apply one coat of exterior grade metal paint. Color to match the existing as close as possible. \$2,400.00

**Replace missing and damaged snow guards:** Remove the slates in the area of the snow guards as well as the snow guards. \*Inspect wood deck and advise if any wood work is needed\*. Install ice and water shield. Reinstall the slates using copper slating nails along with the new Berger Pro 100 Retro Fit Snow Guards in a similar pattern as the original snow guards. \$1,400.00

**Replace damaged "K" style gutter:** Remove the damaged gutter. Cut to fit the new Nordic steel pre-painted "K" style gutter with all related gutter parts. Re-install the new gutter using spike and ferrule to match the original. Color to match the original color as close as possible. \$750.00

**Closed valley replacement:** Remove the slates in and around the valley and the valley flashing down to the wood deck.
\*Inspect wood deck and advise if any wood work is needed\*. Install ice and water shield. Re-install the existing slate with copper slating nails along with a 16 oz. copper valley flashing interwoven on each course of slate. \$16,200.00

Rear shed roof dormer step-flashing and apron replacement: Remove the slates along-side of the dormer walls down to the roof deck. \*Inspect wood deck and advise if any wood work is needed\*. Remove enough of the slate siding to facilitate the proper installation of the new 16 oz. copper step flashing and apron. Install new ice and water shield and re-install the existing slate with copper slating nails. Remove the apron flashing from the front of the dormer. Install ice and water shield over the slate below and up under the slate siding. Custom fabricate a new 16 oz. copper apron flashing soldered to the adjoining step-flashing, using lead free solder. Reinstall all slates using copper slating nails. \$9,590.00

Rear shed roof dormer transition flashing: Remove slates as needed and old transition flashing down to the wood deck.
\*Inspect wood deck and advise if any wood work is needed\*. Install ice and water shield over the lower slates and under the upper slates. Custom fabricate and install a new 16 oz. copper transition flashing. Reinstall slates using copper slating nails.
\$3,950.00

Install Pro 100 snow guards. \$10,320.00

Remove any 5" gutter and 3" downspouts and replace with 6" white aluminum gutter and 4" white aluminum downspout. \$11,100.00

\* Any bad or deteriorated wood work discovered in the course of the above work will be quoted at the time of discovery. No additional work will be performed without a signed change order.\*

It is the owner's responsibility to	remove any asbestos or lead laden mat	erial.	
Work to be started on or before:_	, 20, and to be substantially c	completed on or before:,20	
*You, the buyer, may cancel this transaction at any time prior to midnight of the 5 <sup>th</sup> business day after the date of the transaction. See the attached Notice of Cancellation for an explanation of this right. Buyer's acknowledgement of receipt of Notice of Cancellation:Initial

## **Terms and Conditions**

Deposits: Customer understands and acknowledges that Contractor may procure materials and take other necessary actions to perform the work agreed to in this contract. Therefore, any deposit returned at the request of the Customer will be the amount of the original deposit less any job related expenses incurred by the Contractor after the deposit has been received and before the Customer's request for the deposit to be returned. These expenses may include, but are not limited to materials purchased specifically for the cancelled job and permit fees. Contractor will provide written proof of all expenses deducted from the returned deposit. Additionally, Customer acknowledges that obtaining approval of an insurance claim from a carrier involves time and expense and provides value to the Customer. Accordingly, Customer understands and agrees that is he/she cancels this contract after the insurance carrier approves the claim but before the work commences,

Defects: Customer understands that certain defects including, but not limited to, deteriorated decking or rafters, may not be discoverable until work has commenced and therefore, unless specifically included in writing, are not included within the initial scope of this contract. Customer and Contractor agree that work to address these and other such discovered defects will be bid as needed at time of discovery and, upon acceptance, this amount will be in addition to the original contract amount. Contractor is not obligated to perform any such work if Customer does not accept and agree to Contractor's bid or unless otherwise agreed by Contractor and Customer in a change order signed by both Customer and Contractor.

Payment Terms: The parties agree that Contractor will issue bi-weekly invoices for payment (also referred to herein as a "draw") to Customer. Full payment by Customer on a draw shall be due within 5 days of the date of the draw. Any draw not paid within 5 days will accrue interest at the rate of 1.5% per month or 18% annually, and will be subject to the Breach Due to Non-Payment provision below. A 11/2% per month service charge will be added to the balance of all accounts 30 days or older.

Breach Due to Non-Payment: Customer's failure to comply with any payment obligations under this contract shall constitute a material breach of this contract, and Contractor shall be entitled to all remedies and damages available to Contractor under the law. Further, in the event of such breach by Customer, Contractor shall have the right to permanently stop work and leave the project due to Customer's breach. Contractor shall be entitled to recover from Customer all attorneys' fees, expenses, and costs incurred by Contractor in connection with Contractor's attempts to collect any amounts owed to Contractor by Customer under this contract, including, but not limited to, those fees, expenses, and costs incurred as a result of litigation.

Partially Completed Jobs: Customer understands that Contractor may need to put a commenced job on hold due to circumstances beyond the control of Contractor. Such circumstances include, but are not limited to, weather, hazardous conditions, Customer's express decision and/or waiting for other contractors to complete necessary preliminary work. Customer agrees that the cost of the completed portion of the work will be billed and is payable at the time such circumstance occurs, and that Contractor shall not be responsible or liable to Customer or any third party for any losses, costs, or damages that may result from Contractor acting pursuant to this provision.

Materials: Customer understands and acknowledges that unless specifically agreed to in writing, all materials removed from the job location for the purpose of performing work, and any unused materials remaining after this job is completed are the sole property of Contractor.

Excess Costs: If at any time a home construction service provided under this contract requires extra costs above the cost specified or estimated in the contract that were reasonably unforeseen, but necessary, and the total of all extra costs to date exceeds \$5000 over the course of the entire contract, Customer has a right to an estimate of those excess costs before Contractor begins work related to those costs. Customer shall initial below his/her choice of the type of estimate the Customer requires from the Contractor.

Written estimate:	Oral Estimate:	Date:

Customer's Indemnification of Contractor: Customer has represented to Contractor that Customer has obtained the necessary permissions and/or authorizations for Contractor to perform the work set forth in this contract, and Customer acknowledges that Contractor has relied on such representations. Customer agrees to fully indemnify and hold harmless Contractor and its employees from any demand, claim, or action of any kind by any third party that may arise out of Contractor's performance under this contract, including any damages, attorneys' fees, expenses, or costs arising out of any such demand, claim, or action, except any that may arise out of the sole negligence of Contractor.

Dispute Resolution: For any disputes that arise under this contract, except for those that arise solely due to Customer's breach of the Payment provision above, the parties acknowledge and agree that no lawsuit may be filed unless and until after the dispute has been submitted to mediation through the American Arbitration Association. The mediation shall be pursuant to the American Arbitration Association's Construction Industry Rules and Mediation Procedures and shall occur in Savage, Maryland. This contract shall be governed by Maryland law and the parties acknowledge and agree that exclusive venue and forum for any lawsuit arising under this contract shall be a state or federal court located in Howard County, Maryland. Contractor shall be entitled to recover its attorneys' fees, expenses, and costs in the event Contractor prevails in any such lawsuit between the parties. A formal mediation dispute between homeowners and contractors is available through the Maryland Home Improvement Commission. The Maryland Home Improvement Commission administers the Guaranty Fund, which may compensate homeowners for certain actual losses caused by acts or omissions of licensed contractors. A homeowner may request that a contractor purchase a performance bond for additional protection against losses not covered by the Guaranty Fund. Claims against the Guaranty Fund will be stayed until completion of any mandatory arbitration.

Severability: In case any one or more of the provisions contained in this contract should be invalid, illegal, or unenforceable in any respect, such provision shall be deemed modified to the extent necessary to permit its enforcement under applicable law, and the validity, legality, or enforceability of the remaining provisions hereof shall not be affected nor impaired and shall remain in full force and effect.

General Warranty Conditions: Contractor gives the following limited warranty on all types of repair and installation. All labor and material is warranted as specified on the following page – titled *Categories of Slate Repair & Warranties*, and will be provided in a workmanlike manner according to standard practice of the trade. Contractor cannot warrant that the roof will never leak. Contractor warrants that they will repair any leaks caused by Contractor's work occurring during the term of any specific warranty. No provision of this or any other warranty shall be construed to cover damages to the building or contents thereof or to cover damages or leaks caused by circumstances including, but not limited to, the following:

- Any condition beyond the control of Contractor
- Acts of God
- Strikes or delays
- Abuse, misuse, accident, vandalism
- Installation of skylights, attachments or penetrations, unless performed by Contractor
- Defective workmanship of other trades or contractors
- Negligence in maintaining the roof
- Structural defect

All warranties are eligible to be transferred to a new owner for the remainder of the life of the original warranty. In order to qualify for a transferrable warranty, the current owner must have The Durable Slate Company out to inspect our work prior to the sale of the property. If upon inspection the work appears to have been properly maintained and unaltered, then a transfer of warranty that covers only our work, specifically indicated in writing by the Contractor will be provided. If the current owner has hired any other company to do any work on or related to the roof in the area of where our work was done, our warranty will be null and void and no transfer of warranty is permitted.

## NOTICE OF CANCELLATION

Date of transaction:/
Customer may cancel this transaction, without any penalty or obligation, within five (5) business days from the above date or, if the owner is at least 65 years old, with in seven (7) business days from the date of the contract.
If customer cancels, any property traded in, any payments made by the customer under the contract or sale, and any negotiable instrument executed by the customer will be returned within ten (10) business days following receipt by the Contractor of customer's cancellation notice, and any security interest arising out of the transaction will be cancelled.
If customer cancels, customer must make available to the contractor at customer's residence, in substantially as good condition as when received, any goods delivered to customer under this contract or sale; or customer may if customer wishes, comply with the instructions of the contractor regarding the return shipment of the goods at the contractor's expense and risk.
If customer does make the goods available to the contractor and the contractor does not pick them up within twenty days of the date of customer's notice of cancellation, customer may retain or dispose of the goods without any further obligation. If customer fails to make the goods available to the contractor, or if customer agrees to return the goods to the contractor and fails to do so, then customer remains liable for performance of all obligations under the contract.
To cancel this transaction, mail with return receipt requested, deliver in person a signed and dated copy of this cancellation notice or any other written notice of cancellation, or send notice by facsimile transmission or electronic mail, to:
The Durable Slate Company 8725 Bollman Ave. Suite 8 Savage, Maryland 20763 p 240-650-9780 f. 877-340-9180 jwillis@durableslate.com jhowes@durableslate.com
I hereby cancel this transaction.
